

MOHAMMAD ABDUL GAFOOR

INTERN

SUMMARY

As a skilled and experienced data analyst, I possess expertise in utilizing data to drive insights and recommendations for business decision-making. Data-driven professional with a proven track record of solving business problems using data and analytics. Skilled in scoping and executing projects aligned with business goals, such as increasing sales, identifying and catching fraud, and developing models. Proficient in envisioning frequent requests and automating repetitive tasks to improve efficiency. Experienced in creating dashboards and empowering stakeholders with actionable insights. Adept at root cause analysis to identify and address issues. Possesses working knowledge of Excel, SQL, and R/Python, with familiarity with visualization tools like Tableau. Skilled in root cause analysis to identify and address underlying issues. Proficient in Excel, SQL, and R/Python for data analysis and visualization.

EXPERIENCE

Trainity (Data Analytics Intern)

January 2023 - March 2023

- Completed data cleaning and data validation of existing spreadsheets to promote a robust data management platform, resulting in accurate data analysis and entry.
